The Curriculum

All children will be respected and their individuality and potential recognised, valued and nurtured. Activities and the use of play equipment offer children opportunities to develop in an environment free of prejudice and discrimination. Appropriate opportunities will be given to children to explore, acknowledge and value similarities and differences between themselves and others.

Resources

These will be chosen to give children a balanced view of the world and an appreciation of the rich diversity of our multi-racial society.

Materials will be selected to help children to develop their self-respect and to respect other people by avoiding stereotypes and derogatory pictures or messages about any group of people.

Special Needs

The Nursery Day Care recognises the wide range of special needs of children and families in the community, and will consider what part it can play in meeting these needs.

Planning for Nursery Day Care meetings and events will take into account the needs of people with disabilities.

Discriminatory behaviour/remarks

These are unacceptable in the Nursery Day Care

The response will aim to be sensitive to the feelings of the victim(s) and to help those responsible to understand and overcome their prejudices.

Language

Information, written and spoken, will be clearly communicated in as many languages as necessary.

Bilingual/multilingual children and adults are an asset. They will be valued and their languages recognised and respected in Nursery Day Care.

Food

Medical, cultural and dietary needs will be met.

Meetings

The time, place and conduct of meetings will ensure that all families have an equal opportunity to be involved in the running of Nursery Day Care.
