Information Texts

In this topic children will be looking at a range of information texts. We will focus on the text Journey into the deep

Poetry

During this module the children will become more familiar with a range of different patterned poems. Children will capture language from these poems to assist them when writing their own poems.

Topic

We are Britain

In this topic we will be looking at the four countries in the UK and their capital cities. We will be learning to use geographical vocabulary and important skill such as using maps, atlases and globes.

Year 2
Autumn 2

Maths

Mass and Length

During this unit children will learn how to use the appropriate unit of measure to estimate and measure both length and mass. They will also demonstrate the ability to compare and order measurements.

Multiplication and Division

Children will learn to recall multiplication and division facts for the 2, 5 and 10 multiplication tables.

They will learn to use these facts to solve problems.

Science

In this module children consider the basic needs of humans for survival (food, water, air), the need for warmth and shelter, and additional needs for health and wellbeing. Children identify simple differences between living and non-living things and they are introduced to the sequence of the human life cycle, first through considering how they have changed since birth.

Computing

You've got mail

This topic will help children to explore how to communicate using email.

PE

Our PE days will be Monday and Thursday.
Please make sure that your child has a school PE kits on these days.
