Multiplication and Division

Fractions

Position and Direction

The children will be looking at using their 2, 5 and 10 times tables. They will then be investigating halves and quarters. At the end of this term, the children will be looking at using positional language to describe location and directions such as left, right, quarter turn and half turn.

RE

Holidays and Holydays

Being Sorry

The children will begin this term by looking at the holyday Pentecost. We will look at what happens in Pentecost and how we celebrate this day. The children will then be looking at the importance of saying sorry.

English

Stories from a range of cultures

Poetry

We will begin this topic by listening to the story 'We're going on a lion hunt.' We will discuss how this story differs from We're going on a bear hunt and what we think the cultural elements are. The children will then look at the components that make a good story. At the end of the unit the children will write their own we're going on a... hunt using an African animal.

The final week of this term we will be looking at poems from different cultures.

Year One

Summer 1

Africa

Topic

Africa

This term we will be looking at the landscape and features of Africa. We will discuss the different climate and how life can differ in Africa. We will also be looking at different African paintings and art and reproducing our own in its style.

PE will be on a **Thursday afternoon and Friday morning.**

Computing

Algorithms

The children will be designing their own moving picture of an African safari using scratch coding.

Science

Animals

This term we will be looking at the different types of animals we have. We will investigate the different characteristics of animals and discuss whether they are carnivores, herbivores or omnivores.
