19th March 2020

Dear Parents,

Important Letter following Government update on Coronavirus and Schools

The government has announced last night that schools will close at the end of the day on Friday 20th March. This applies to all students except those whose parents are 'key workers' and more 'vulnerable' children.

The government's announcement also included their decision to cancel examinations due in May and June.

I am very aware of

the significance of this announcement and I await news about how the government will ensure that students in end of key stage year groups will receive the grades they deserve. As soon as I have further information regarding this, I will share it with you.

As an immediate priority, it is necessary for us to capture information about the fields of employment of our parents / carers in order for us identify 'key worker' families so we can make contact regarding educational provision over the coming weeks and months.

To this end, I should be grateful if you could complete a very short online survey providing the following information:

- The name(s) and year group of your child(ren) who attend St Luke's Catholic Primary School
- The job title and current employer for each adult within the household
- Whether you intend to send your child(ren) to school

The link to the survey is below:

<https://www.surveymonkey.co.uk/r/V8J89FL>

I request a response from all parents, not just those who believe they fall into the 'key worker' category. Please provide this information by 4.00pm on Thursday 19 March. Once it has been received, we will make contact by telephone with all parents who fall into the 'key worker' category. I will write to all parents again tomorrow with further information regarding the school closure.

Yours sincerely,
Mr Crist
