

# Nursery Overview 2021-2022

Throughout the year, our main topics will be our Come and See RE topics. We also cover themes and events that are relevant to the time of year, as well as planning many of our activities around the children's interests. Aspects of the seven areas of learning are covered within our topics as we work towards the Early Learning Goals, concentrating primarily on the Prime Areas. For more information on the Prime and Specific areas of learning, please see the link on the Nursery page on our website.

For phonics teaching we follow the Read Write Inc. scheme. We read a variety of Traditional Tales, Non Fiction books and stories from Pie Corbett's Reading Spine.

For RSHE we follow the Heartsmart scheme. Please see the link on the Nursery page on our website for more information about the topics covered.
