

Physical Education Netball Year 5

Unit Purpose

The unit of work will **challenge** pupils to **apply** their prior learning of passing and moving to **create attacks** that result in a shooting opportunity.

Pupils will be able to develop **tactics** for both attacking and defending and apply these successfully within their teams.

Key Success Criteria

- P** Pupils will be able to pass, move and shoot accurately and consistently. They will be able to switch fluidly between attack and defence as possession changes.
- C** Pupils will begin to understand the different positions, applying their role effectively within the game. Pupils will create, apply, evaluate and improve tactics.
- S** Pupils will develop communication skills as they officiate in game based scenarios. Pupils will also start to lead their team and manage their games.
- W** By facilitating learning through game-based scenarios, pupils' self discipline will be challenged as they focus on trying their best, even when their team is losing.

Vocabulary for Learning

Tactics: Tactics are a carefully planned set of actions that are used by a team or an individual to attaining a certain goal.

Transition: is defined as the process of recognising and responding after losing or regaining possession.

Possession: Is when we have physical control of the ball or other implement of play. This could be when working individually or as part of a team. It is when we have 'possession' that we can create the opportunity to score.

Marking: Marking is when the attacking player has received the ball and you are making it difficult for them to pass the ball on by restricting their options.

Sport Specific Vocabulary

Shoulder Pass: The shoulder pass is used to cover bigger distances on court than the chest pass. The ball is thrown at a greater height so it's another way you can outwit defenders.

Bounce Pass: A bounce pass is a short pass that enables the player to find a teammate in a crowded area. The height of the ball makes it difficult for the opposition to reach and intercept.
