

## Year 5 Sequenced Objectives

### Animals including humans. - Biology

Lesson	Objective/s
Pre learning	<ul style="list-style-type: none"><li>• Complete pre assessment quiz</li><li>• Review previous knowledge.</li><li>• Look at new knowledge organiser</li></ul>
Lesson 1	<ul style="list-style-type: none"><li>• Describe the changes as humans develop to old age</li></ul>
Lesson 2	<ul style="list-style-type: none"><li>• Describe the changes as humans develop to old age in the context of the development of babies in their first year</li><li>• Record data and results of increasing complexity using bar and line graphs</li></ul>
Lesson 3	<ul style="list-style-type: none"><li>• Describe the changes as humans develop to old age by comparing the changes that take place to boys and girls during puberty. (RSE/ Journey in Love)</li></ul>
Lesson 4	<ul style="list-style-type: none"><li>• Describe the changes as humans develop to old age by understanding the changes that take place in old age.</li></ul>
Lesson 5	<ul style="list-style-type: none"><li>• Explore gestational periods.</li><li>• Report findings from enquiries, including oral and written explanations of results in the context of the gestation period for animals</li></ul>
Lesson 6	<ul style="list-style-type: none"><li>• Explore life expectancy</li><li>• Record data and results of increasing complexity using bar and line graphs, and models in the context of comparing gestation periods and life expectancies of animals</li></ul>
Post learning	<ul style="list-style-type: none"><li>• End of unit quiz</li></ul>
